Frederiksberg

linkedin.com/in/elias-weldemichael-135b1010b

github.com/Elia-Git

A passionate and hardworking web developer with a keen eye for developing interactive websites. I'm always tuned to explore new technologies and often amazed by the progress we as a human species have made so far in recent years!! Since my arrival to Denmark as a refugee in 2015, I have been involving actively through many activities among those internships, unskilled jobs , learning new technologies, learning language and work culture.
