## PROFILE

I am an energetic and imaginative web developer who is able to work alongside other professional developers in creating websites of very highest standards.

I have learned web development in web-it school and in HackYourFuture (code bootcamp). During my education I have implemented many projects using .Net MVC5 –Node.js- React.js- and JavaScript (ES6). Moreover, I am fast at learning and adapting to new technologies within web development.

Personally, I am ambitious and want to get the chance to show my skills and I have the drive and massive energy needed to really make a difference to a project.

Right now, I am looking for an entry-level position with an exciting company that wants to attract talented people.
